HYLINK™
Wireless Lighting System

AEON LED Sports Luminaires are Designed, Engineered & Assembled in the USA. They offer the most Powerful, Rugged & Efficient Lighting options in the Industry. You can build a State-of-the-Art Lighting System from the Ground-Up or bring your Current Lighting System into the future. AEON's Patented Design has a Glare-Free Illumination of UGR <19 and eliminates visual discomfort of traditional lighting. AEON LED Sports Luminaires are Neighborhood-Friendly with Zero Spillage or Sky Glow.

They also have a CRI >85 that shows colors how they were meant to be seen and are ideal for 4K, HDTV Broadcasting, Digital Photography and Flicker-free Slow-Motion Recording for Optimal Television and Live Audience Viewing. Available with 5 Delivered Lumen packages in a variety of NEMA Beam Spreads, AEON LED Sports Luminaires are built to suit a Variety of Indoor and Outdoor Applications.

**AEON has additional Capabilities and Services beyond offering the Luminaire!
Below, you will see the added value you could receive by choosing AEON:**

Design your Space with Free Lighting Layouts & Photometric Studies:

View how AEON LED Sports Luminaires will illuminate your facilities and applications. Designed around IESNA Standards, you can be rest assured knowing that AEON will provide you with Recognized Industry Benchmarks of what your specific application requires in terms of Foot Candle Levels and Uniformity Ratios. As an added bonus, we show you the details on positive Environmental effect your Facility or Sports fields will have to help you earn Carbon Credits.

Command the World's Best Illumination with HyLink Wireless Controls:

Automating, Customizing and Controlling the Behavior of Lights Lowers Operating Costs and Provides Even Greater Energy Savings! Control the lights from your Laptop, Tablet, or Smartphone with an Encrypted, Self-Forming, Self-Healing, SNAP Mesh Network.

Color Your World with RGBA/RGBW/DMX Controlled Lighting:

AEON Luminaires offer Full-Spectrum Color Lighting Solutions can be controlled by DMX protocol. AEON can provide LED Luminaires that have full RGBA or RGBW capabilities to help bring Color, Dynamic Scenes, and Excitement to your Venue or Facility. The possibilities are endless!

Remote Drivers Capability:

AEON LED Sports Luminaires have remote Driver Capabilities, allowing quick and easy access to the core component of the AEON Luminaires if necessary.

Build the Complete Package with Pole Capabilities:

AEON has Turnkey Solutions for the Complete Lighting Package with a variety of Poles, Cross-Arms & Platforms. If you are considering new construction or even just upgrading old existing lighting, AEON can provide you with a fully Customized Lighting Solution for your application.

Protect your Lighting System with Extended Warranty:

All AEON Luminaires carry a standard 10-Year Warranty. Ask us about our extended warranty options to help protect your AEON Lighting System, now and well into the future.

Upgrade to LED with Project Financing:

Need to upgrade your Lighting System but can't fit it into the budget? Ask us about our Financing Options. With Project Financing, custom terms are determined that are designed specifically for you to get the AEON Project you need, with the flexible payment options you desire.

GSA Approved for Federal Agencies:

TAA Compliant, AEON Luminaires are Designed, Engineered and Assembled in the USA. They are on the GSA Schedule (47QSWA20D0040) and approved to be acquired by the US Federal Agencies.
